Except for the fixed-gear M20D Master, all others have electrically powered systems. The “Manual Mooney” has had its share of detractors, yet it remains an almost foolproof system; there are no circuits to fail nor hydraulics to leak. There’s a big lever between the front seats: when the lever is up, the gear is down.

The Mooney International Corporation (formerly Mooney Aviation Company, Inc. and the Mooney Aircraft Company) is an American aircraft manufacturer based in Kerrville, Texas, United States.It manufactures single-engined piston-powered general aviation aircraft.. Through its history the company has had many American owners and subsequent bankruptcies. Mooney International was purchased in 2013 ...

### Mooney International Corporation - Wikipedia

Mooney came into the turbocharging game relatively late compared to other manufacturers. In 1966, Cessna pioneered the market with the T210 and made a strong showing in the single-engine, high-altitude market. Beech brought out the V35TC in 1966, but it was never as strong a seller as the A36. Mooney wasn't completely flat-footed during the 1960s, introducing the 310-HP M22 Mustang in 1967, a ...
