The book itself is amazing, but I was disappointed with the dealer's description. The dealer makes a general note that there maybe bit of writing in the book, making it sound like there might be an inscription or the like. I was quite bothered to find extensive notes written throughout different sections, as if it was used as a school textbook.

The V sign is a hand gesture in which the index and middle fingers are raised and parted to make a V shape while the other fingers are clenched. It has various meanings, depending on the circumstances and how it is presented. When displayed with the palm inward toward the signer, it can be an offensive gesture in some Commonwealth nations, dating back to at least 1900.
